# Good Luck

- Be careful of your funds at the start of the competition.
- The Trading Post will only buy a certain number of each item, but see point below.
- Watch the White Board for Buying Notices. The Trading Post may suddenly want more of a particular item and put up the buying price. On the other hand they may have a glut of an item and lower the buying price.
- A good business starts small and with steady growth will grow large.
- Keep your team busy on different projects.
