All dates are correct at time of publication, in January 2016. However, sometimes things have to change ! Some events, meetings or activities may change date, time or venue. This will only be done if absolutely necessary, watch out for a communication from the DC, DDC, DESC or one of the ADC's team. Every effort has been taken to avoid a clash of District events and also with County training events. However, there is not enough weekends in the year to totally avoid the situation. Other events may be announced once confirmed and dates become available
